PRO'ENERGY TECHNOLOGICAL BUSINESS MEETINGS

ENERGAÏA 2011 | PARC DES EXPOSITIONS | MONTPELLIER [FRANCE]

The International Exhibition Energaïa is the reference business event for French and international actors on renewable energies and sustainable construction.

In the framework of the Enterprise Europe Network, the Languedoc-Roussillon Regional Chamber for Trade and Industry is organizing the Pro'energy Technological Business Meetings.

■ **Meet your future international partners**

The Pro'energy Technological Business Meetings allow forming tailor-made relations with international partners and offer plenty of business opportunities.

■ **A number of opportunities are there for you !**

Manufacturer, decision maker, applicant, research center, distributor, installer... whatever your activity may be within the field of renewable energies, the Pro'energy Technological Business Meetings offer you the chance to identify the right partners, to meet research centers with technological or scientific skills and to develop new markets.

IN 2010

enerGaïa
